

Hidden Camera Video Recorder

Internal Recording Function

**Hidden Camera Video Recorder
Records to itself. Front Panel Deactivated.
Hidden Tape Eject Switch.**

Actual VCR May Differ From One Shown

The Tiny pinhole lens inside this VCR gives a commanding 90 degree field of view in your choice of black & white or color camera.

"Excellent Hidden Camera" Simple to set up, even easier to use. No wires to run. No guess work. Front panel and buttons are deactivated to prevent tampering. Uses the remote control to start and stop recording and playback functions.

Plug & Play Operation Makes Installation a Snap

If you can operate a VCR, you can easily install this hidden security camera. In less than 5 minutes you will have a virtually undetectable, covert video system up and running.

Features:

- Built-In Hidden Camera -- Only You Know the Secret
- Black & White or Color Camera
- Wide Angle Pinhole Lens -- See More with One Camera
- Infinite Fixed Focus -- Worry Free Installation
- 5 Minute Quick Setup -- Save Time
- Lifetime Technical Support -- Have a question? Just call!
- 2 Year Standard Warranty -- We've got you covered.
