

Hidden Camera Video Recorder

Hard Wired Version

Fully Functioning Video Cassette Recorder with Hidden Camera and 25ft. of integrated video/power cable

The Tiny pinhole lens inside this VCR gives a commanding 90 degree field of view in your choice of black & white or color camera.

"Extremely Covert" This normal, everyday VCR is actually a hidden camera. Simply place the VCR in the area you wish to monitor, attach the included cable to another VCR or TV and monitor crystal clear surveillance video. All VCR functions are left intact. Works just like any ordinary VCR.

Plug & Play Operation Makes Installation a Snap

If you can operate a VCR, you can easily install this hidden security camera. In less than 5 minutes you will have a virtually undetectable, covert video system up and running.

Features:

- Fully Functioning VCR - Entertain and Protect
- Built-In Hidden Camera -- Only You Know the Secret
- Black & White or Color Camera
- Wide Angle Pinhole Lens -- See More with One Camera
- Infinite Fixed Focus -- Worry Free Installation
- 5 Minute Quick Setup -- Save Time
- Lifetime Technical Support -- Have a question? Just call!
- 2 Year Standard Warranty -- We've got you covered.
